#### I. CALL TO ORDER/ROLL CALL

II. SDAO Fire District Audit Discussion about Master Planning- Roy Emery

About Chief Emery:

He has 38 years of fire service experience. He started as a volunteer firefighter in the early 80's in Hermiston and Corvallis Oregon. He began my paid career in Corvallis and was promoted through the ranks, achieving the position of Fire Chief.

He has many fire service certifications and serves on multiple specialty teams. Also, he has a master's in public administration with a certificate of academic excellence.

- XI. <u>ADJOURNMENT</u>

### SPECIAL DISTRICTS ASSOCIATION OF OREGON

PROVIDING OUR DISTRICTS WITH EXPERT ADVICE AND GUIDANCEFOR REDUCING RISK, IMPROVING SERVICES, AND PLANNING FOR THE FUTURE.

# **CONSULTING SERVICES PROGRAM**

# **ABOUT US**

The SDAO Consulting Services Program was established in 2007 to assist districts with addressing complex issues as they work toward providing their patrons with cost-effective, highly desirable, and efficient public services. With a cadre of expert consultants at its fingertips, the Consulting Services Program can assist districts with board and organizational assessments, management recruitment, strategic planning, board and staff training, meeting and process facilitation, and overall best practices for your district.

# **MISSION**

The mission of the program is to provide members with assistance in making sound management and policy decisions that are in alignment with best practices and state law. As a result, districts operate more proficiently, with less conflict and liability exposure, providing more resources for their specific service.

# 8 HOURS OF **FREE** CONSULTING SERVICES

Member districts are eligible for up to eight hours of free services provided by our consultants every year. After this time is exhausted, members will have the option of continuing at an hourly rate.

### VIRTUAL CONSULTATIONS AVAILABLE

For your convenience, we now offer virtual consultations. These virtual sessions are provided with the same level of professionalism and care as an in-person session but can be hosted through Microsoft Teams or GoToMeeting. Multiple individuals from your district staff or board can be in attendance from any location.

### ORGANIZATIONAL SERVICES

Your district's success and response to future challenges are built from the foundation of a wellrun organization. Our consultants help organizations optimize their core performance by identifying what works, what needs to be fine-tuned, and planning for future requirements.

### HONEST AND EXPERT OPINIONS

Our consultants are committed to excellence and are here as a valuable resource to help your district succeed. We have a range of expertise and experience with almost all district types and sizes. Our consultants can assist with problemsolving almost any business challenge your district may have.

### FREE 8 HOURS PER YEAR

Did you know that your district's SDAO membership includes 8 FREE consulting hours each year? Receive helpful advice, address issues, or brainstorm project ideas with one of our experts. Don't miss out on this valuable and impactful benefit for your special district.

# **OUR SERVICES**

Our expert consultants collaborate with members to understand their individual needs in order to provide exceptional, effective, strategic and compliant best practices for their district.

# DISTRICT MANAGER TRANSITION PLANNING

Every district will experience a change in leadership. Being prepared for that change, be it suddenly or planned, will impact the short and long-term future of the district. We have developed a guide to assist districts with planning for and implementing a process that will ultimately lead to a successful transition from one district manager to another.

# MANAGEMENT RECRUITMENT

The program's management recruitment services are tailored to meet your district's needs at a substantially lower cost than national recruitment services. We do this through working hand-in-hand with district leaders to design and implement an inclusive recruitment process that best fits the needs of the district. The amount of assistance can range from SDAO outlining the recruitment process for the districts to implement to SDAO leading and facilitating the entire process.

300+

Districts have already trusted us

### ORGANIZATIONAL ASSESSMENTS

Our team of consultants have the expertise to assist your district with assessing your overall operation. With a look from the outside, our consultants can provide you with guidance and recommendations that will set your district up for long-term success. Consultants assess organizational efficiencies and effectiveness; financial sustainability; personnel management; operating policies and procedures; staff and board training opportunities and involvement; and specific operational activities associated with the type of district being assessed. A written report is provided to the district that summarizes the consultant's findings and recommendations for improvements.

# **BOARD PRACTICES ASSESSMENT (BPA)**

The Board Practices Assessment (BPA) shows district boards how they rate in six key areas of risk management. The BPA reveals how a board performs in such areas as communications, customer relations, personnel, operations, etc. Results of the BPA underscore the significant link between a board's performance and their district's risk management experience. Simply put, good board practices lead to sound risk management.

# **BOARD GOVERNANCE QUESTIONNAIRE**

During times of crisis, all eyes look to the special district's board to figure out where things went wrong. Boards that strive to improve their governance practices are less likely to subject themselves to a calamity. A board's effectiveness is determined by its practices of good governance and understanding the principles of good governance is a necessity for board members in order to follow through on their duties and responsibilities. The Board Governance Questionnaire tool was designed to help boards decide whether they would benefit from participating in the BPA. Your district can use the Board Governance Questionnaire electronically and confidentially to determine how your board is faring. Once the questionnaire is completed by each board member, a summary will be sent to the board with a rating. Based on the rating, your board can decide whether to request the BPA.

# WE HAVE A HIGHLY-QUALIFIED TEAM OF EXPERIENCED CONSULTANTS READY TO HELP YOUR SPECIAL DISTRICT.

### **BASIC PLANNING**

Consultants are available to assist districts with a wide range of planning projects. This service is focused on facilitating and outlining basic goals, objectives, and actions to assist the district with preparing for a preferred future or address management/ operation issues. Implementation details and evaluating performance measures are generally left for the district to complete. Consultants can assist districts with developing strategic, business, capital equipment, training, and succession plans.

Assessments Completed

# **BOARD TRAININGS**

Consultants are available to provide trainings for board members that identify key roles, responsibilities, and duties of board members in the areas of CEO/board relations, ethics, finances and budget management, public meeting requirements, and other issues associated with governing a special district.

# CONSULTANT PROCUREMENT SUPPORT

SDAO Senior Consultants will assist districts in the procurement of other specialty consultants such as engineers, architects, planners, rate economists, accountants, auditors, and other specialists. Depending on the needs of the district, SDAO Senior Consultants can assist in identifying applicable state procurement requirements, prepare requests for proposals, propose evaluation criteria, administer the consultant procurement process, provide outreach to prospective consultants, coordinate the district's consultant selection, and coordinate contracting with the selected consultant. These services can be scaled to meet the unique needs of the district from offering limited guidance and suggestions, to providing full-service consultant procurement support.

# SPECIAL PROJECTS

Consultants are available to assist districts with special projects or problem solving when an issue has come to the surface. Through facilitation and interviewing, consultants can assist with addressing a variety issues such as meeting and process facilitation, public outreach, board/manager relations, and reviewing, updating, and implementing policies and procedures.

Senior Consultants

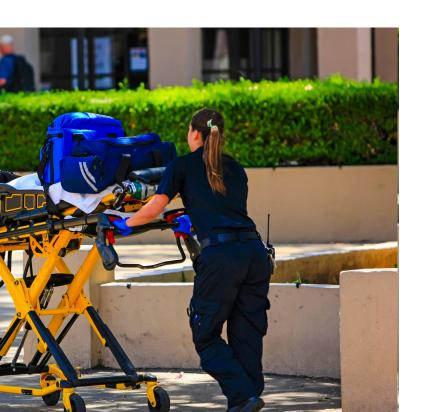

# **TESTIMONIALS**

# RIVER ROAD PARK & RECREATION DISTRICT

This park and recreation district is based in Eugene. It provides classes, recreation programs, an aquatics center and a fitness center to local community members.

"As a member of Special Districts for the last four decades, we have employed several areas of service over the years. Recently, our district utilized SDAO's consulting services for management recruitment. The vacancy was for superintendent. The Board and senior staff made the decision to invest in the expertise of SDAO for such a critical hire. SDAO (Bob Keefer) facilitated the recruitment from the inception, resulting in acquiring a superior candidate. During recruitment, every phone conversation, email, video chat, and in-person interaction was performed with the utmost professionalism. We would not hesitate to enlist your consulting services in the future. Bob Keefer, Senior Consultant and Shanta Carter, Consulting Services Administrator, made the process seamless with exceptional results. Thank you, SDAO!"

Board of Directors and Staff
River Road Park & Recreation District

#### LYONS RURAL FIRE PROTECTION DISTRICT

LRFPD is located in Lyons, a community 25 miles east of Salem. It provides a 24/7 response to fire, rescue emergencies and EMS incidents. The primary fire response area is 37 square miles, which includes a small city area, agricultural farming lands, heavy timbered canyon areas, and timbered wilderness.

"The Lyons Rural Fire Protection District Board of Directors passed a motion to have SDAO come in to conduct an organizational review of the entire fire district. We had never done this process before. The SDAO team conducted a complete review of our department top to bottom. We were presented with and approved the final report. The board and staff have been using this report as a template to make positive changes, updates and create new opportunities for the fire district. Our goal is to provide the highest level of service to the patrons of our district. We believe following this roadmap we can up our game internally and externally to provide that higher level of service."

Gary Rychard, Board President Lyons Rural Fire Protection District

#### SCAPPOOSE DRAINAGE IMPROVEMENT COMPANY

SDIC is located in Columbia County and is responsible for drainage and flood control for approximately 5,700 acres. The levee is roughly 10 miles long and serves around 900 landowners across 6,100 acres. Without SDIC's levee and drainage facilities, much of the housing, commercial uses, farming and recreation within its boundaries would not be possible.

"SDAO has helped us with our confidence in the process of making decisions on behalf of those we serve. Their special training service provided a tune-up of our knowledge of public meetings laws, record-keeping, board communications rules, conflicts of interest, liabilities, and other rights and responsibilities. Our consultant, George Dunkel, was very knowledgeable and supportive. He also provided each of us with a folder full of reference materials and resources. I recommend SDAO's services to all of us who serve on boards as volunteers. A training session may sound like just another meeting to attend, but I believe board education ultimately saves time and prevents headaches.

SDAO's Organizational Assessment was a HIGHLY worthwhile use of our time and resources. Our consultant was excellent. She got right to work – in just a few days after we set up our contract with

her, she had toured our facilities, attended one of our meetings, and interviewed a large number of our stakeholders. We were impressed by how quickly she understood our organization and the challenges we face. She was very professional and provided honest feedback in a supportive manner. During the time she spent with us, she was a real member of our team and always readily available. At the end, she delivered an excellent 47-page report that is succinct and easy to follow. Among other things, it outlines the major areas where improvements are needed and contains the helpful resources needed to make these improvements. We highly recommend the Organizational Assessment and plan to make use of the other services provided by SDAO for volunteer boards like ours."

Karen Kessi, Board of Directors Scappoose Drainage Improvement Company

# **TESTIMONIALS**

# SUNSET EMPIRE TRANSPORTATION DISTRICT

Sunset Empire Transportation District (SETD) is based in Astoria and has been providing public transportation service in Clatsop County since 1993. SETD encompasses the entirety of Clatsop County, covering approximately 840 square miles and serving over 37,000 citizens.

"We've chosen SDAO Consulting Services because of the quality service they provide. We have used the service to help facilitate the development of a strategic plan and completion of the Board Practices Assessment. Both times, commissioners have commented on how they appreciate the services that SDAO provides. Having resources like the Consulting Services Program at our fingertips is indicative of the great value SDAO membership is for our district. Thank you, SDAO!"

Jeff Hazen, Executive Director Sunset Empire Transportation District

# HECETA WATER PUBLIC UTILITY DISTRICT

Heceta Water Public Utility District (HWPUD) was organized in 1966 to provide potable water to residents immediately north of Florence along the coast. HWPUD draws all of its domestic drinking water from Clear Lake. The district boundaries encompass about 11 square miles, and the district serves approximately 2200 homes within the area.

"On two occasions, the Heceta Water Public Utility District has participated in SDAO's Board Practices Assessment. The Board has enjoyed the experience because they feel that SDAO seriously cares about their performance as a board. The Consultant's Impressions and Recommendations section of the assessment provides needed guidance for the board, it is timely, and it directly relates to the input received by the consultant."

Vickie Kennedy, Office Manager Heceta Water Public Utility District

#### TILLAMOOK FIRE DISTRICT

Tillamook Fire District is located in central Tillamook County on the Northern Oregon Coast. It provides fire protection and emergency services to approximately 11,000 residents that live within the district boundaries of the City of Tillamook and the surrounding rural areas.

"As a board member and senior staff member in emergency services, I have worked with consultants from SDAO Consulting Services Program multiple times and have found the services, best practices recommendations and technical assistance to be invaluable during daily activities and stressful times. The consultants understand our needs and limitations. They provide practical recommendations and facilitate a consensus of action between all those involved. It has been a pleasure to work with SDAO's dedicated staff."

Eric Swanson, Board Member Tillamook Fire District

#### CRYSTAL SPRINGS WATER DISTRICT & WY'EAST FIRE DISTRICT

Crystal Springs Water District was formed in 1963 and is located in Odell. It serves approximately 5,300 customers in over a 52 square mile area of Hood River County. Wy'East Fire District has stations located in Odell and Hood River.

"I have been involved with recent SDAO assessments for both a fire district and a water district. The assessments provide invaluable information to the Board and senior staff on how the district operates and functions. As a result, we have a clear picture of our current operations, a vision for the future, and recommended steps to fulfill that vision. SDAO consultants are extremely knowledgeable professionals who provide sound advice and guidance that will help your district excel."

Eric Cederstam, Board Member Crystal Springs Water District & Wy'East Fire District

#### PHILOMATH FIRE & RESCUE

CHIEF'S REPORT

April 3, 2024

#### **Department Business:**

We spoke with SAFER about last year's application and was rated a "B+." 1500 Applications asking for \$2.8 billion. 177 funded for \$360 million. (Pre-Score 50%: we did extremely well and were very competitive. The peer review process was 50% of the total score: we did very well, they understood the benefits but wanted more detail in the narrative portion.) We have decided not to apply for this year's SAFER grant as it does not fit with our budgeting and staffing goals. This month we applied for 2 grants including a CIS Wellness grant to fund Gym Equipment and a National Volunteer Firefighter Council Wildfire Emergency Drinking Water grant.

#### Personnel:

Ashley attended the Oregon State FFA convention marketing for new RV candidates. We made contact with over 2,000 students during the event and gave out over 225 interest forms.

#### **Union Communications:**

Working with Union on Deputy Chief and Staff Captain Job Descriptions.

1035 Main Street P.O. Box 247 Philomath, OR 97370 541.360.0030

#### **Training Activities:**

Proactive Behavioral Health Workshop attended virtually by Chief & Ashley.

Lots of Heart Saver CPR classes conducted by Staff.

EMR: 1 PF&R member completed EMR; 5 from mutual aid districts completed including 3 from Hoskins Kings Valley Fire District.

Fire Officer II: 2 PF&R members completed coursework.

Ashley completed a Public Information Officer Fundamentals for Public Safety Training. Bovbjerg attended NW Leadership Conference.

Live fire exercise was attended by nearly everyone in the department attend and a company from Adair.

Upcoming courses scheduled

FF I academy Apr-Jun, 5 PF&R members enrolled Driver/operator 14 April, 5 PF&R members enrolled One member in PO class
One member in FFII class

#### **Apparatus/Equipment:**

- Annas Consulting completed replacement of CO2 Sensor in SCBA Air Compressor.
- The drone arrived. Firefighter Kearl is beginning the FAA training process and working with administration to create a drone operator job description and policy.
- Residence Chairs purchased by the Volunteer Association and the Union.
- 294 required new tires.
- 263 nearing completion (see attached report)

#### **Building Update:**

Sema Roofing completed repairs on 201 roof above the bays that was leaking.

1035 Main Street P.O. Box 247 Philomath, OR 97370 541.360.0030

Generator Project at 203 is completed.

 Manufactured Home Removed at 201 in preparation for building new training facility next fiscal year.

#### **Community Involvement/Meetings:**

- Chamber Greeters (April 3- PFR Hosted).
- Fire Defense Board Meeting.
- Lions Club Presentations by Chief & Deputy Chief.
- Chief and Ashley met with Attorney General Candidate Will Lathrop.

- Benton County Foundation Grant Celebration attended.
- Chief met with KEZI News to discuss Main Street Road construction.

1035 Main Street P.O. Box 247 Philomath, OR 97370 541.360.0030

#### **Strategic Plan Update:**

Updated Strategic Plan attached.
Progress continues with planning for 2024-2025 Strategic Plan.

Respectfully summited,

Chief Ferguson

4/2/2024

Front 1" discharge.

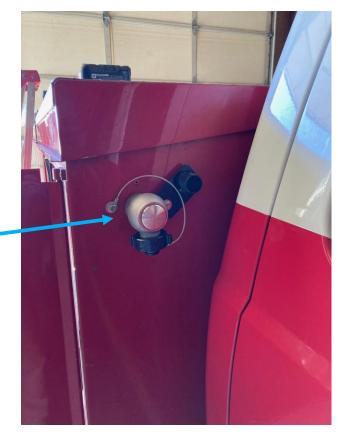

Swivel elbow

Drivers Passengers

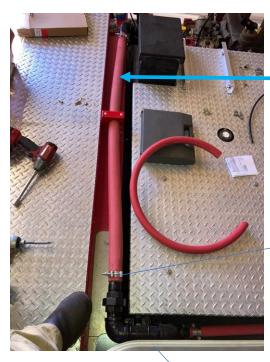

Front 1" discharge control valve inside compartments.

Double clamps for extra security. 200PSI hose

Drivers Passengers

200 psi hose

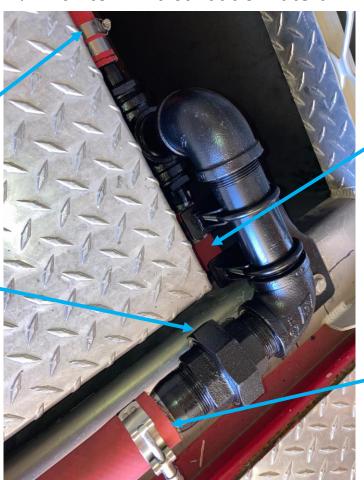

# 263 Update

4/2/2024

1 ½ inch to 1 in distribution lateral

Use of unions throughout to allow for easy servicing

To 1" passengers side

Drain valve on bottom of lateral

1 1/2 " from pump

Front supply lateral from primary pressure manifold

# 263 Update

4/2/2024

Primary pressure manifold

Rear discharge valves

Front isolation valve

4/2/2024

Work in progress,
installation of remote
throttle and choke cables.
Acquisition of specific
cable control brackets for
Honda engine

Number one problem for small engines??? Carburetor issues. We have a new one!

Low pressure cutoff switch and pump output pressure hose

Vernier Cable for fine throttle/pressure control

4/2/2024

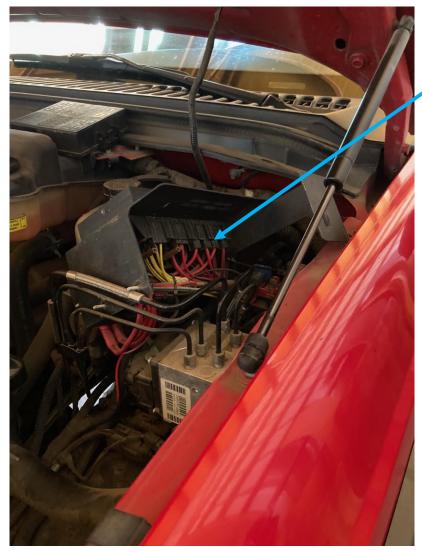

Water level site gauge, original window is no longer translucent

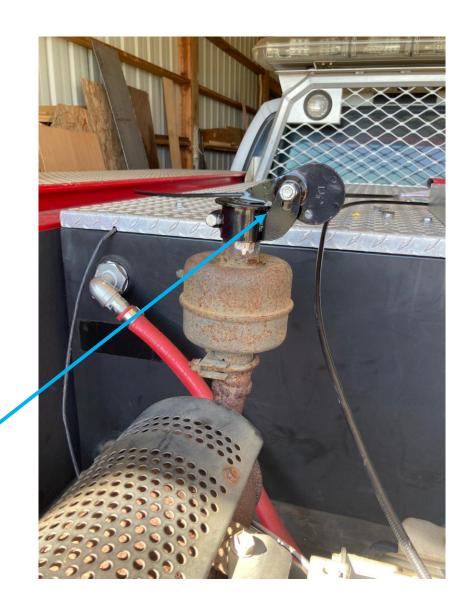

Pump panel in progress. Shows, relocated key start, switches, lights, wires, hoses, and gauges to be mounted

4/2/2024

Started chasing down the factory wire harness issue that has a battery killing low current short when vehicle is off

New weather head for pump engine exhaust

4/2/2024

### Other work, no images

- The initial installation of the pump engine fuel tank needed polished up a bit.
  - Tank is being modified now to add a cover to keep dirt and rain away from fuel cap
  - Fuel line and fittings being modified
    - Isolating fuel valve install
    - Proper high reliability braided steel fuel line and fittings

Philomath Fire & Rescue District Strategic Plan

#### Mission

The men and women of this department are dedicated to:

The preservation of property, through the extinguishment and prevention of fires: The protection and care of human life through education and treatment; The development of character through commitment and teamwork.

#### Vision

As our community grows, we are dedicated to providing prompt and professional emergency care, practiced rescue operations, safe fire services, and progressive risk reduction education. We strive to evolve and grow our thriving Philomath Fire and Rescue family through informed decisions, community engagement, fiscal responsibility, recruitment, and retention.

#### Value

"How we measure ourselves."

As a team we value treating the community we serve with dignity, respect, and compassion. We work to establish trust in the community through our professionalism and commitment to growing and learning.

- We honor our community through our integrity, safety, and service.
- We are dedicated to creating an environment that is inclusive, supportive, and encouraging.
- We persevere and adapt in both emergent and daily environments until a solution is identified.

#### **Guiding Principles**

The following guiding principles are considered for each of the Themes, Action Items and Goals of this Strategic Plan.

- Future Focus Looking ahead one, two and three years.
- Effective Use of Resources
- People First Responsible to the community members and personnel of the District
- Fiscal Integrity and Accountability Responsible to the community and the constituents of the District
- Balanced The needs of the various programs are well-balanced and cooperative, including multiple perspectives, and working towards and overall cohesion.

Updated: 4/3/2024

The District Strategic Plan contains the following themes:

- Department Operations
- Fiscal Responsibility
- Our People
- Our Community

## Color Key for Strategic Plan Updates:

Unable to Proceed with Details In Progress/Current Status Completed

## I. Theme: Department Operations

#### A. Objective: Emergency Response

GOAL 1: Provide 2 Paid Personnel (Lieutenant, Firefighter) 24 Hours Per Day

Action Item: Waiting for response from SAFER and OSFM Grants to improve Staffing.

Completed: Declined to Fund SAFER Grant Application, will reapply.

Completed Grant timeframe for OSFM Grant, District received \$30,000.

Timeline: September 2023 Responsibility: Fire Chief

Funding Source: Grants/ General Fund

#### GOAL 2: Prepare us for Community Disasters

Action Item 1: Install generator at Station 203

Completed: Installed and Tested.

Action Item 2: Install tank and pump on 263- return to service.

**March 2024 Update: Nearing Completion** 

Timeline: March 2024

Responsibility: Captain Louden

Funding Source: Building and Land Reserves and General Fund

# II. Theme: Fiscal Responsibility

#### A. Objective: Review and Update Organizational Documents

GOAL: Ensure the District Has Up to Date Documents

Action Item: Review and update Strategic Plan, Organizational Manal, SOG, Standard of Cover.

March 2024 Update: Civil Service Commission Rules- to be acknowledged by Board, Standard of CoverAdopted by Board at October Meeting, continuing Organizational Manual Updates with HR Answers
template and guidance, and policy review in progress.

Timeline: 2023-2024 Fiscal Year Responsibility: Administrative Team

**Funding Source: None** 

#### B. Objective: Capital Maintenance

GOAL 1: Ensure the District Has Reliable Apparatus and Equipment for Emergency Response

Updated: 4/3/2024

Action Item: Develop Apparatus/Equipment Replacement Plan March 2024 Update: Apparatus Committee developing priority list.

Timeline: 2023-2024 Fiscal Year Responsibility: Captain Louden

Funding Source: None

GOAL 2: Evaluate District Facilities for Repairs & Replacements

Action Item: Develop Timeline for Expected Building Construction/Large Repairs or Expansions

March 2024 Update: Developing priority list.

Timeline: 2023-2024 Fiscal Year

Responsibility: LT Schell Funding Source: TBD

#### GOAL 3: Repair Hose Tower Roof at Station 201

Action Item: Replace hose tower roof at Station 201

August 2023 Update: 8/18/2023 Completed.

Timeline: Completed by Fall 2023 Responsibility: Captain Louden

Funding Source: Building and Land Reserves

#### C. Objective: Information Technology

GOAL: Protect the District's Digital Assets.

Action Item: Implement a robust Cybersecurity program.

March 2024 Update: Purchased new computers for District and obtained Board approval to move

forward with district resilience updates.

Timeline: 2023-2024 Fiscal Year Responsibility: Deputy Chief Funding Source: General Fund

#### D. Objective: Savings/Reserves

**GOAL:** Develop Goals for Reserves Funding

Action Item: Establish Equipment Replacement Plan (SCBA Replacement, Heart Monitor Savings)

March 2024 Update: Budgeting beginning for 2024-2025

Timeline: 2023-2024 Fiscal Year

Responsibility: Fire Chief and Administrative Assistant

Funding Source: Future Budget Planning

## III. Theme: Our People

#### A. Objective: Training

GOAL 1: Replace Training Facility at Station 201.

Action Item 1: Asbestos abatement.

September 2023 Update: Asbestos testing complete- no asbestos. Submitting Demolition Application to City of Philomath, Power disconnected.

Action Item 2: Form Committee to assess Training Facility needs and establish costs for 2024-2025

Fiscal Year.

March 2024 Update: Bid in progress.

Timeline: 2023-2024 Fiscal Year
Responsibility: Staff Captain

Funding Source: Building and Training Reserves

GOAL 2: Encourage training opportunities for all personnel.

Action Item 1: Additional funding for paid staff to attend two department drills per month.

Updated: 4/3/2024

July 2023 Update: 7/1/2023 Completed.

Action Item 2: Provide training opportunities to all department members.

March 2024 Update: Ongoing.

Timeline: 2023-2024 Fiscal Year Responsibility: Staff Captain Bovbjerg

Funding Source: General Fund

#### B. Objective: Retention

GOAL: Ensure Resident Volunteer Retention Program stays competitive.

Action Item: Track tuition rates at OSU and reimbursement rates of neighboring districts to ensure

our retention program is competitive.

March 2024 Update: Ongoing- updated for 2024-2025 Budget.

Timeline: Every Fiscal Year Prior to Budget Process

Responsibility: Administration Funding Source: General Fund

## IV. Theme: Our Community

### B. Objective: Community Interaction and Input

GOAL: Seek public input through the Board of Directors-

Action Item: Coordinate public outreach to obtain insight and direction for future planning.

Updated: 4/3/2024

March 2024 Update: Moved to 2024-2025 Strategic Plan.

Timeline: 2023-2024 Fiscal Year Responsibility: Board of Directors Funding Source: General Fund

#### Report to the Board of Directors 08 April 2024 DC Rich Saalsaa

#### **Statistics for March 2024**

Total calls: 67

Fire calls: 10 (15%) EMS Calls: 57 (85%)

Yearly calls as of 31 March 2024: 268 – Last year at this time: 236 (+14% YOY)

#### Significant calls:

3/12 Small Misc Fire (Corvallis) – our crews covered a small roadside fire on the corner of SW 53rd and Philomath Blvd while CFD was busy with a structural fire. We responded with a brush rig with three people and a duty officer (Chief Ferguson).

3/14 Car Fire (Lincoln Co) – Cancelled enroute; handled by Toledo Fire.

3/15 Structure Fire (Corvallis) – I included this one as it was early this morning. PFR responded this morning at 0255 hrs. for a 2nd alarm residential structure fire in Corvallis. We sent an engine with four personnel, and a duty officer (Chief Ferguson). Our crew arrived to help overhaul a fully involved garage fire at this location for approximately 90 minutes. Volunteers responded to Station 201 to cover any other calls in the District. More information can be obtained by contacting CFD.

3/16 Small Misc Fire – small grass fire off Hwy 34, likely caused by discarded smoking materials.

Breakdown of calls for the year by area (as of 31 March 24):

Station 201 RURAL	83
Station 201 W. City	77
Station 201 E. City	49
Station 202	8
Station 203	27
Adair	0
Alsea	2
Blodgett	2
CFD	9
Conflagration	0
Kings Valley	6
Lincoln Co	1
Marys Peak	0
Misc Mutual Aid	0
Monroe	3
Marys Peak	1
Total	268

Total calls we received aid from another agency: 0 (year to date 2).

#### **Cyber Security project**

Switches and Wi-Fi Access Point equipment ordered, and a survey was completed on the cabling needed for this project. Anticipate receiving this equipment by the end of the month.

#### **Projects / Community Outreach**

- 3/1 AHA Instructor Course (2 students including 1 PFR)
- 3/3 Burn to Learn on N 13<sup>th</sup> St
- 3/5 Volunteer interview (1)
- 3/11 DC Saalsaa participated in Benton County Building Official interviews
- 3/13 BLS CPR Skills check at OSU Health (27 students)
- 3/13-3/15 DC Saalsaa and Cpt Louden to OSFM/ODF Joint IMT meeting
- 3/16 FA/CPR class for Community (8 students)
- 3/18 FA/CPR class for Knife River (8 students)
- 3/20 Chief and DC presentation to Lions Club
- 3/21 DC Saalsaa Instructor monitoring at OSU (BLS)
- 3/29 DC Saalsaa Instructor monitoring at PFR (BLS)
- 3/30 Final EMR class (State Exam and Psychomotor testing)

Respectfully submitted,

D/C Rich Saalsaa

Philomath Fire and Rescue

#### Philomath Fire and Rescue Volunteer Association, Inc

#### Report to the Board of Directors

#### 1 April 2024

#### **Association Business**

- Regular Association meetings
- o Committees met to work on Budgets.
- o Volunteers bought 4 chairs for the residence side of station.

#### Volunteer Activity

- Staffed to help provide coverage as needed.
- o Continue to assist in the organization and teaching drills.
- Station Repairs and upgrades at 203.
- Work on Brush Trucks
- o Members participating with Training Facility and Apparatus Committees.
- o 3 Volunteer to Winter Fire School at DPSST.
- o 3 Volunteers participated in the Leukemia Stair Climb
- o Participated in Live Fire Training.
- o Lt Anderson working on CPR Instructor

#### Recruitment and retention

- o Interviewed 2 potential volunteers. 1 Fire and 1 EMS.
- o Onboarded 1 Fire Volunteer.

#### Respectfully submitted.

Dan Eddy Paula Anderson President Vice President

Jean Goul Kendra Islam Treasurer Secretary

Fire District Risk Management

Self-Assessment

This self-assessment is for the benefit of the fire district board and chief officers to assist in evaluating areas where the district may have gaps. This self-assessment is based on federal, state, and local rules, along with best practices derived from consensus standards such as NPFA, ISO, and other organizations. It is the responsibility of the district board and management team to review relevant rules and standards to determine your level of compliance based on your appetite for risk. This is not an exhaustive list, as this information is constantly changing, but is one tool to help you assess your district. When you answer these questions and find that there are missing or inadequate items, request assistance from the SDAO Risk Management team. <a href="mailto:riskmanagement@sdao.com">riskmanagement@sdao.com</a> 800-285-5461 or 503-371-8667

#### **Board Policies and Practices Section**

**Introduction**: This section addresses the elected board's policies and practices. There is a mix of required items and best practices that have been developed as the result of losses incurred by the SDIS pool. It is the responsibility of each board member to understand the laws and rules that govern their district and to act accordingly. Board members can have <u>individual liability</u> when acting outside the course and scope of duties on behalf of the district. The SDAO Consulting Services, Risk Management, Human Resources, and Legal Services Departments can be of assistance to the board in specific instances.

Boa	rd Duties/Responsibilities				
	☐ The district has written board duties and responsibilities of officers.				
	The district provides each board member with a copy of ORS 198 and the statute that regulates the				
	type of district you represent.				
	The district distributes a copy of Oregon Government Ethics Law to each board member.				
	The district adopts a policy to utilize SDAO legal services program or to seek qualified legal advice				
	before any major decision that could lead to a lawsuit.				
	The district has an annual review/training of each board member and written acknowledgement of				
	policy and training kept on file.				
	The frequency of board meetings complies with the Oregon statute regulating your type of district.				
	The district has a procedure for election of board officers.				
	The district follows ORS 198 or other authorizing statute for filling board vacancies.				
	The board has filed the Notice of Registered Agent with the Oregon Secretary of State Archives Division				
	and annually reviews the submitted notice to ensure that information is current.				
Ann	ual Budget Process				
	Annual funds are set aside for board training.				
	The district has established a budget committee. (For districts not governed by Oregon Budget Law,				
	hold at least one budget work session.)				
	The district advertises or distributes the adopted budget to district patrons. (For districts not governed				
	by Oregon Budget Law, make the budget available to patrons.)				
	The board approves an annual budget.				
	The board sets a monthly review of expenditures.				
The d	istrict annually identifies maintenance issues or other potential hazards within the district:				
	Develop a plan, based on monetary considerations, for addressing the issues.				
	A prioritized list of projects is made and approved; if no funding is available for a project, listing the				

project with "no available funds" is acceptable.

# **Public Purchasing**

	☐ The board has adopted a public contracting policy and reviews the Attorney General's Model Public				
	Contracting Rules.  The board has adopted a surplus property policy.				
_	☐ The board has adopted a surplus property policy.				
		pard has adopted a personal service policy.			
Ц		pard has adopted a procedure for reviewing all new and existing contract forms with legal			
	counse	el.			
Publ	ic Me	eting and Records			
	The bo	pard has adopted a public meetings policy that addresses:			
	0	Regular meetings			
	0	Emergency meetings			
	0	Executive sessions			
	0	Minutes			
	0	Conflict of interest			
	0	Public access to the meetings			
	The bo	pard has adopted a public records policy that addresses:			
	0	Exempt records			
	0	Fees for responding to record requests			
	0	Designated records coordinator			
	The bo	pard has adopted forms or a process to allow the public to request records.			
	The bo	pard has adopted forms or a process for acknowledging a request and for responding to a request			
that is consistent with the Secretary of State's guidance on public records.					
	The di	strict follows the records retention schedule established by the Oregon Secretary of State for			
	Specia	l Districts (OAR Chapter 166 Division 150).			
Risk	Mana	gement			
		pard has adopted a policy to review the district's agent of record agreement and services every			
	three				
		pard reviews coverage annually with agent including district's P/C limits and deductibles, what is			
		ed and amount of coverage.			
		strict has an annual coverage certificate review. Annually discuss with the district's agent current			
		ects and corresponding certificates that have been issued to ensure that contract provisions			
		y with current coverages.			
	•	strict has an annual review of district assets. Annually meet with the district's agent to review			
		oplicable schedules (example: auto, property, inland marine) to ensure that assets are adequately			
		d, and all are listed.			

The district maintains an agreement for local legal services.
ncial Controls
The board has adopted a written investment policy.
The board has appointed an auditor. (For small districts not required to appoint auditor, complete the
Secretary of State's Financial Report.)
The board approves the annual audit or Secretary of State's Financial Report in district board minutes.
The district files the audit or financial report with Secretary of State.
The board requires a bond, crime coverage or letter of credit of any board member or employee
charged with possession and control of district funds or carries the Travelers Comprehensive Crime
Policy.
The board has established minimum internal controls for access to district funds.
ation and Training
Board members have had general board member training (an SDAO board training or affiliated
association-sponsored training), and board has established policy for recurring training and/or
continued education. www.sdao.com/sdao-ofdda-fire-district-directors-academy
The district sends representatives to the SDAO Annual Conference.
The district sends representatives to a personnel management training workshop (affiliated
association sponsored training), ideally on a recurring/rotating basis.
The district regularly sends representatives to risk management and safety workshops. (SDAO's risk
management training or SDAO's boiler, electrical and HVAC maintenance seminar; OFDDA training; or
other affiliated association sponsored training.)
The district regularly sends representatives to a sexual harassment training. (SDAO or affiliated
association sponsored training.)
The district regularly sends representatives to an SDAO HR Regional Training or affiliated association
sponsored HR training.

# **Personnel Management**

**Introduction**: This section addresses personnel policies and practices. There is a mix of required items and best practices that have been developed to assist the members based on rules, laws and including best practices. It is the responsibility of each board member as well as the Fire Chief and officers to understand the laws and rules that govern their district and to act accordingly. The SDAO Consulting Services, Risk Management, Human Resources, and Legal Services Departments can be of assistance to the board in specific instances.

Annı	ıal review of board-approved personnel policies including:
	□ Non-discrimination/Veterans' Preference
	☐ Job descriptions
	☐ Harassment
	☐ Employee benefits
	☐ Violence in the workplace
	☐ Employee evaluation procedures
	☐ Discipline procedures
	☐ Alcohol and drug-free workplace
	☐ Vehicle usage on and off-duty
	The board has adopted a policy to never terminate a staff member without prior legal advice. (Free pre-termination legal advice available for districts insured by SDIS. For districts that have a
	deductible/SIR of \$25,000 or less, and prior to termination of an employee SDAO is called for legal
	advice, the \$25,000 deductible/SIR may be avoided if the district follows all reasonable advice provided
	to them.)
Staff	Handbook, Training and Procedures
	The district has a staff handbook that is reviewed and updated regularly (at least every two years).
	The staff handbook is reviewed:
	O Upon hire
	<ul> <li>When changes are made to the workplace or policies</li> </ul>
	<ul> <li>At regular intervals with staff</li> </ul>
	The staff handbook is aligned to your workplace and is up to date.
	The district trains all staff on discrimination and harassment issues, mandatory reporting, and elder
	abuse.
	The district trains <b>all</b> supervisors on their role in discrimination and harassment, and personnel issues.
	The district maintains compliance with state/federal laws & guidelines:
	<ul> <li>Family Medical Leave Act (FMLA)/Oregon Family Leave Act (OFLA)</li> </ul>
	<ul> <li>Hiring Practices/Veterans' Preference/Pay Equity</li> </ul>

- ☐ The district annually reviews I-9 and other employment documents for compliance.
- ☐ The district has up-to-date job descriptions that are ADA compliant.
- ☐ The district policies are effectively communicated and enforced by supervisors.

### **Record Keeping and Other Documentation**

- ☐ The district keeps all personnel files current.
- ☐ The district keeps relevant documents in active personnel files:
  - Employment/volunteer application
  - Resume (if offered)
  - Letter(s) of recommendation (if any)
  - Employment/volunteer offer letter
  - New staff orientation checklist
  - Staff agreements (if any)
  - Copy of original payroll set-up sheet (all subsequent ones belong in the payroll file)
  - Copies of all performance evaluations, goals, and objectives
  - Copies of all disciplinary actions, any dispute procedure documentation, and results (investigative notes, documents, etc. should not be kept in the employee file)
  - Requests for any policy exceptions
  - Requests for leaves of absence (if this contains medical information, place in separate confidential file)
  - Training courses/classes attended
  - Professional licenses, certifications, etc.
  - o Copies of complimentary letters or notes

- o All change of notices with appropriate signature for all salary or status changes
- O Any request to view personnel file contents or have a copy

<ul> <li>Performance reviews</li> </ul>
I-9s and medical information kept separately from personnel files.
The district stores personnel files in compliance with state and federal recordkeeping laws, including
employees who have separated from the district.
The district keeps items with protected medical information in a separate, locked location.
The district provides training for managers and employees about personnel files.
The district keeps all federal and state labor posters displayed in a conspicuous location.

### **Recruitment and Promotional Process**

**Introduction**: This section addresses the process for the recruitment of career and volunteer staff members. There is a mix of required items and best practices that have been developed to assist the members based on rules, laws and including best practices. It is the responsibility of each board member as well as the district's hiring authority to understand the laws and rules that govern their district and to act accordingly. The SDAO Consulting Services, Risk Management, Human Resources, and Legal Services Departments can be of assistance to the district in specific instances.

Docu	uments
	The district reviews position descriptions (PD) prior to each hiring cycle and a minimum of every two
	years to ensure the PDs are up-to-date and in compliance with the ADA.
	The district reviews the application for employment/volunteer for compliance with federal, state, and
	local laws and rules prior to each hiring cycle and a minimum of every two years.
	The district has reviewed the hiring and/or promotional process to ensure compliance with current Veteran's Preference law.
	The district secures all relevant application documents as confidential and only allows necessary access
	to those documents as part of the official hiring/promotional process.
Inte	rviews
	The district prepares and reviews questions in advance for the interview panel to use. These questions are job related and avoid discussions about protected classes.
	When an interview panel is established, members of the panel will be a diverse cross section of district
	employees and possibly patrons to the best of the district's ability.
Phys	sical Ability Testing
	, , , , , , , , , , , , , , , , , , ,
	compliance with federal, state, and local laws and rules. If accommodations are requested prior to
	testing, the district should seek the advice of an HR or legal professional.
	The testing involves the use of objective criteria that is job-related, when possible, use a nationally recognized and accepted test.
	The district uses the PD to identify the criteria for the physical ability test.
	e district does are . 2 to identify the criteria for the physical ability test.

## **Contractual Agreements Best Practices**

**Introduction:** Districts may enter into a variety of agreements including MOUs and IGAs with other governmental and private groups. SDAO believes that it is important to memorialize these agreements in writing and to regularly review these documents to include updates such as statute and rule changes, new understanding of subjects, and new elected officials and district managers. This list is by no means exhaustive but are some likely topics that may have agreements. The district board has the responsibility to ensure these agreements meet current federal, state, and local laws and rules. SDAO Risk Management, Legal Services, and Consulting Services Departments can assist in specific instances.

This section is not intended to provide guidance for employment or personnel contracts. A labor attorney should be consulted prior to approval and acceptance of those of documents.

Gove	rnmental Agreements – As Appropriate
	The district maintains a list of agreements with public entities (such as mutual-aid, auto-aid, ORS 190
	agreements, facility use, etc.)
	The district maintains an appropriate ambulance license with Oregon Health Authority.
	The district has an appropriate license for narcotics.
	The district maintains a written agreement with an attending physician advisor for EMS.
	The district has current mutual and auto-aid agreements with the surrounding districts/departments
	The district has current agreements with other agencies or departments (Forestry, BLM, etc.)
	The district is currently accredited with Oregon DPSST or other accrediting organization.
	The district is currently active with the local fire defense board or county fire chiefs.
	The district is part of the Federal System for Award Management (S.A.M.) Registry.
Priva	ate Party Agreements
	The district maintains a list of agreements with private parties (such as vendors, patrons, private
	organizations, non-profits).
	The district ensures these agreements provide indemnification and proper levels of insurance
	coverage.
Gene	eral Guidelines
	All agreements are reviewed and approved by the fire chief prior to acceptance and signature.
	The district consults local legal counsel prior to approval and signing of agreements.
	All agreements entered by the district follow this basic outline.

Parties of the agreement (define who the agreement is between)
 Terms of the agreement (what is being provided by both parties)

Duration of the agreement (does the agreement end at a certain time?)

0	Termination provisions of the agreement (how do/can the parties end the agreement?)
The di	strict has a process to regularly review agreements and contracts for changes and needed
update	es (may be annually or other set timeframe)

# **Unmanned Aircraft Systems (UAS) - Drones**

**Introduction:** Districts may choose to utilize drones as a tool. This not an exhaustive list of what is required by the current FAA and State Department of Aviation rules, but only a guide to assist you to create your own checklist. The district board has the responsibility to ensure their flights meet current federal, state, and local laws and rules. **In order to have liability coverage the member must, at the time of the claim, be using the drone in compliance with all applicable local, state, and federal laws.** Contact your agent for specific coverage details. The SDAO risk management team can assist in specific instances.

#### For complete rules:

www.faa.gov/uas/
www.oregon.gov/aviation/pages/index.aspx

## **Prior to Flying**

The district has registered all drones with the FAA and State of Oregon.
Remote UAS pilots have a current FAA pilot certificate <b>or</b> are flying under a current Certificate of
Authorization from the FAA.
The district has Implemented logs for maintenance, inspections, and flight activities.
The district has developed guidelines for flight operations.
The district has developed guidelines for media/sensor information storage.

### **Guidelines for Flight Operations**

The district operating guidelines address all items for	und in	<u>FAA</u>	Part 107	and S	<u>tate o</u>	<u>f Oregon</u>	<u>rules</u> su	ıch
as:								

- Determine airspace restrictions; contact air traffic control, if needed.\*
- O Check weather based on manufacturer's guidance.
- Keep drone within visual line of sight, minimum 3 statute miles of visibility.\*
- Fly ONLY during daylight, at or below 400 ft.\*
- o Do not fly closer than 500 ft. below, and/or 2000 ft. horizontally from clouds.
- Do not fly near manned aircraft or over people.\*
- o Do not fly over critical infrastructure unless following Oregon rules.
- Do not fly in a harassing manner.

# **Guidelines for After Flying**

The district pilots inspect the drone based on manufacturer's recommendations.
The district pilots log flight data for annual reporting to Oregon Department of Aviation
The district stores UAS batteries in a fire resistive package.
The district stores media/sensor information data according to public records policy.

<sup>\*</sup>Certain provisions allow a certificated pilot to deviate from this requirement.

# **Health and Safety Section - Oregon OSHA**

**Introduction**: This section is a paraphrase of Oregon OSHA's Division 2, Subdivision L, and related rules. All checklist items are the result of an Oregon OSHA rule, <u>there are a small number of best practices in this section</u>. **This is not an exhaustive list of Oregon OSHA rules**; further research may be required to ensure compliance with Oregon OSHA (<a href="https://osha.oregon.gov/">https://osha.oregon.gov/</a>). Contact SDAO Risk Management for assistance.

Gene	eral
	The district has an organizational statement that talks about the organization's structure, the functions
	of the district, and the type, amount, and frequency of training.
	The district requires that a physician release any employee or volunteer with a known medical
	condition prior to engaging in fire suppression activities.
	The district requires that any employee or volunteer be evaluated annually to ensure they are
	physically capable to perform the job duties.
	The district has a current position description for each occupation that identifies physical capacities,
	minimum and special qualifications.
	The district requires that any employee who is required to wear a tight-fitting respirator (SCBA, N95)
	have a medical questionnaire evaluated by a licensed health care provider.
	The district requires that any employee who is required to wear a tight-fitting respirator (SCBA, N95)
	have a fit test performed prior to wearing one and annually thereafter.
	The district requires that any employee who is required to render medical assistance be given hepatitis
	B vaccine or allowed to decline the vaccine in writing prior to exposure.
Adm	inistrative
	The district has a safety committee or holds an all-hands safety meeting monthly.
	The district maintains meeting minutes for at least three years.
	The district posts the minutes in an area that all district members can read them.
	The district does quarterly facility inspections.
	The district investigates all incidents that could or have resulted in property damage or injury.
	The district records injuries and illnesses on an OSHA 300 log and 300A summary
	The district records all needle or medical sharps sticks on a sharp's exposure log.

# **Education and Training**

	The district has implemented a policy addressing appropriate training and education based on posi	tion.
П	The district has provided appropriate training in the following areas:	

☐ The district has had an OSHA consultation within the past five years (recommendation only) or a visit

by SDAO Risk Management within the past three years.

Interior structural firefighters meet NFPA 1001, Firefighter 1 or higher; or are firefighting
trainees who are under the direct supervision of a NFPA Firefighter 1 or higher.
Exterior only firefighters meet the minimum performance standards (student prerequisites) of
NFPA 1001 (2013).
The district ensures that all live fire training is conducted in accordance with NFPA 1403 (2012)
or Appendix A of OAR 437-002-0182 and under the direction of the training officer or district
representative.

## Personal Protective Equipment

The district has a current hazard assessment to determine what personal protective equipment (PPE) is
necessary.
The district requires that all employees have the proper protective equipment for known hazards.
The district provides a turnout ensemble (helmet, hood, coat, pants, and boots) that meets the
requirements of NFPA 1971 (currently owned -1991 edition; purchased after 7/1/16 – 2013 edition).
The district provides hand protection that meets the requirements of NFPA 1973 (currently owned -
1988 edition; purchased after 7/1/16 – 2013 edition).
The district provides eye and face protection that meet the requirements of ANSI Z87.1 (1998 edition).
The district provides hearing protection that meets the requirements of 1910.95 for sound levels above
85 db.
The district provides effective PPE for bloodborne pathogens (gloves, gowns, face, and eye protection).
The district performs documented inspections of all PPE at least monthly (weekly is preferred).

### **Respiratory Protection Program**

□ 1	he district provides NIOSH approved respiratory protection.
□ 1	he district's written program includes the identity of the person or position responsible for
r	naintaining the program.
The dist	rict's written respiratory program includes statements on:
	☐ Procedures for selecting respirators.
	☐ Medical evaluations of employees.
	☐ Fit testing procedures of employees.
	☐ Procedures for using respirators in foreseeable conditions.
	Procedures and schedule for cleaning, disinfecting, storing, inspecting, repairing, discarding, and
	maintaining the respirators.
	☐ Procedures for ensuring adequate air quality, quantity, and flow of breathing air for SCBAs or
	supplied air respirators (SARs).
	☐ Procedures for training employees.
	$\square$ Procedures for annual evaluation of the respiratory program.
Respirat	or Selection and Use
	$\Box$ If the district uses respirators other than SCBAs or SARs, evaluate the respiratory hazard to select
	the appropriate respirator (if the atmosphere is or could be IDLH then SCBAs or SARs are the only
	recommended respirators).
	<ul> <li>The district should evaluate:</li> </ul>
	<ul> <li>Identity of respiratory hazard, a reasonable estimate of exposure, and chemical and physical state.</li> </ul>
	<ul> <li>Relevant workplace and user factors that will affect performance and reliability.</li> </ul>
	<ul> <li>A sufficient number of respirator models to allow for correct user fit.</li> </ul>
	riangle The district provides a PASS alarm for each SCBA in use that meets NFPA 1982 (currently owned -
	1983 edition; purchased after 7/1/16 – 2013 edition).
	$\Box$ The district takes air samples from the compressor at least every six months to be analyzed for
	grade D air (quarterly is industry practice).

#### **Medical Questionnaire and Fit Testing**

☐ The district requires the employee to fill out a medical questionnaire prior to using the respirator.

- Frequency
  - Prior to use (required)
  - Any negative medical signs or symptoms related to the use of a respirator (required)
  - Health care professional, supervisor or program administrator requests the employee be re-evaluated (required)

- Observations made during a fit test or other programmatic event indicates the need for re-evaluation (required)
- Changes in workplace conditions (e.g., physical work effort, protective clothing, temperature) that may result in a substantial increase in the physiological burden placed on an employee (required)
- Δ reasonable time interval determined by the employer (i.e., annually, biannually, every

	5 years) [Best Practice Only]
	The district receives the response from the licensed healthcare provider <b>prior</b> to allowing the
	employee to use the respirator or fit testing the employee.
	The district fit tests employees prior to respirator use, when there are facial changes, and <b>annually</b>
	thereafter.
Bloo	dborne Pathogens
The di	strict has a written exposure control plan that addresses the following:
	☐ How to determine occupational exposures.
	☐ Work practices and engineering controls to eliminate exposures.
	☐ How to determine the circumstances surrounding an exposure incident.
	☐ Procedures for post-exposure care.
	☐ Procedures for implementing the exposure control plan.
	☐ Procedures to review the plan annually.
	The district has a committee that reviews the medical sharps <b>annually</b> to make recommendations
	about safer devices.
	District management reviews and documents a response to the committee recommendations (not
	required to accept recommendations).
	The district has a sharps log to document incidents.
Eme	rgency Response
The di	strict has operational guidelines addressing the following:
	$\square$ Emergency and non-emergency apparatus operation.
	☐ Incident management system.
	$\square$ Personnel accountability system that meets NFPA 1561, (2008).
	☐ Rapid intervention team/crew.
	□ Rehab.
	☐ All expected emergency responses (fire, EMS, technical rescues or HazMat).
	$\square$ Staging of apparatus and/or personnel.
	☐ Narcotics storage and usage during EMS responses.
	☐ Mutual or auto-aid responses.

### **Hazardous Materials Response**

⊔ Ine	ne district identifies non-residential nazardous materials storage locations.								
☐ The	e district has a pre-plan for responding to these hazardous materials storage locations.								
The respon	nse plan includes statements about:								
	Pre-planning and coordination with outside parties.								
	Personnel roles, lines of authority, training, and communication.								
	Emergency recognition and prevention.								
	Safe distances.								
	Scene security and control.								
	Evacuation procedures.								
	Decontamination.								
	Medical treatment and first aid.								
	Personnel withdrawal procedures.								
	After action critique.								
	Personal protective equipment, emergency equipment, and response procedures.								
	The role of the incident commander.								
The incide	nt commander is responsible for:								
	Identifying the hazardous substance and condition.								
	Implementing emergency operations.								
	Ensuring effective personal protective equipment is selected and worn.								
	$\square$ Access is limited to the warm and hot zone.								

☐ Effective decontamination procedures are implemented.

	☐ A competent safety officer is designated.									
	☐ Only appropriately trained personnel are used.									
	$\square$ On-scene medical surveillance is provided for emergency responders.									
Appa	aratus Bays									
	The district keeps the apparatus bay clear of obstructions, trip hazards, slick and greasy floor	s.								
	The district knows that the air inside the building is not contaminated with exhaust gases from									
	apparatus engines by monitoring the air.									
	The district follows these <u>best practices</u> when possible:									
	<ul> <li>Exhaust gases are controlled by local exhaust means.</li> </ul>									
	<ul> <li>Perform routine preventative maintenance on vehicle engines.</li> </ul>									
	<ul> <li>Idle times are reduced when indoors.</li> </ul>									
	<ul> <li>Vehicle exhaust is directed outdoors and away from interior openings.</li> </ul>									
	<ul> <li>Interior doorways are sealed to prevent exhaust gases from entering.</li> </ul>									
	<ul> <li>Turnouts are kept in a separate room away from exhaust gases.</li> </ul>									
	<ul> <li>Ice makers and drink dispensers are kept in an area away from exhaust fumes.</li> </ul>									
Appa	aratus									
	All vehicles have roll-over-protective-structure (ROPS) if it does not have a cab.									
	All vehicles have tailboards that do not project outside of the vehicle sides or fenders.									
	All vehicles have an exhaust system that keeps the exhaust gases away from the occupants.									
	All vehicles have the loaded weight and unloaded height posted where the driver can clearly	see it.								
	The district has written procedures and records for $\color{red} monthly$ apparatus checks $\color{red} \underline{and}$ when the	apparatus								
	is returned to the station <b>after use.</b>									
	The district takes apparatus or equipment out of service that is excessively worn, deteriorate damaged until it is repaired.	d or								
	The district has annual testing done on all fire service equipment, including hoses, pumps, an	ıd ladders.								
Appa	aratus Operation									
	The district only allows adequately trained personnel to operate vehicles.									
	Only personnel who have a valid license are allowed to operate a vehicle on public roadways	•								
	The district ensures that all equipment is effectively stored and/or secured on the vehicle between moves.	fore it								
	The district ensures that all firefighters are seat belted while the vehicle is moving.									
	The district has a backing policy that requires spotters to be used when backing a vehicle.									
Traf	fic Control									
	The district uses vehicles with emergency lights to control the traffic flow at emergency scene	es.								

	After the emergency is stabilized, the district uses traffic control measures listed in the ODOT short-term traffic control manual.
Hose	e and Drill Towers
	All floor and wall openings over four feet from the ground are equipped with a standard guardrail.
	All elevated platforms are equipped with toe boards when tools or other objects that could roll off are
	present.
	All fixed ladders in the hose-drying tower meet the requirements for fixed ladders.
	All ropes used to hoist hose in the tower have a safe breaking strength of at least three to one.
	The district has the hoist serviced and inspected annually.
	Tie off points are inspected according to the manufacturer or under the direction of a registered professional engineer.
	Written inspection records are maintained for three years.
Disti	rict Owned Confined Spaces - Where employees do not enter.
	The district has all confined spaces identified and evaluated even if the district does not enter them.
	The district has all confined spaces posted with signage reading, "Danger - Confined Space (or Permit Required Confined Space), Do Not Enter."
	The district has effective means of keeping employees from entering the confined space.
	The district informs contractors of the presence of the confined space and its hazards.
	If the district enters its own confined spaces, the district has a full confined space program.
Eme	rgency Service Confined Space Rescue
	If the district is designated as an employer's confined space rescue service, the district has a written agreement with that employer.
	The district trains responders for confined space rescues using NFPA or other national standards.
	The district ensures that everyone responding to confined space emergencies is certified to NFPA Firefighter 1 level.
En	nergency Service Confined Space Rescue - Training
	The district provides training prior to entry into a confined space or any time there are changes in
	duties or equipment.
The di	strict's confined space training plan includes discussions about:
	☐ Inherent confined space hazards
	☐ Safe performance in a confined space
	How to assess and secure the space
	☐ How to use calibrated direct reading instruments

	☐ How to effectively ventilate the confined space
	☐ How to use the personal protective equipment
	☐ How to use the confined space specific equipment
	☐ When and how to exit the confined space
	The district's confined space training plan includes practical application of the learned skills including a
	simulated rescue every 12 months.
	The district documents the training with certification that includes the training topic, employee's
	name, date of training and signature of the trainer.
Er	nergency Service Confined Space Rescue - Standard Operating Guideline
The d	istricts' operating guideline includes:
	$\square$ The use of an incident management system that meets NFPA 1561.
An as	sessment of the confined space incident:
	☐ Classification as a rescue or body recovery
	Physical Hazards
	☐ Atmospheric Hazards
	☐ Ventilation
Er	nergency Service Confined Space Rescue - Equipment
	The district provides appropriate equipment for entry into a confined space.
	The district provides appropriate equipment for non-entry rescue from a confined space.
	The district provides appropriate personal protective equipment for entry into a confined space.
Eme	rgency Service Equipment Testing
	The district performs annual testing of all emergency equipment according to national standards
	(pumps, hose, ladders, etc.).
	The district performs annual testing of aerial devices in accordance with NFPA 1911, 2007 edition, or
	by a registered professional engineer, the apparatus manufacturer, or an American Welding Society
	certified welding inspector. Any repairs are recertified by the same.
	The testing is documented, and records are maintained according to public records law.
Dist	rict Facilities - General
	The district keeps all areas clear of trip hazards.
	The district keeps all flammable liquids inside an approved flammable liquid cabinet or room.
	The district maintains proper guards on all power equipment (such as grinders or saws).
	The district maintains proper guards on all equipment with moving parts (such as belts, pulleys, or
	chains).
	The district inspects and maintains apparatus bay doors using the manufacturer's recommendations.

	Hand	ools are inspected to make sure they are in good condition.
	The di	strict inspects cranes, hoists, jacks, or lifts annually.
	The di	strict inspects rigging prior to each use.
	The di	strict has the weight rating posted for any mezzanine areas used for storage.
Wall	king/	Working Surfaces
	The di	strict has a documented inspection process of the facility at least monthly or as often as
	necess	ary to keep the workplace safe.
There		tive protection to keep people from falling:
		ading docks more than <b>four feet</b>
		irs more than <b>four risers</b>
		twalks, platforms, raised walkways more than <b>four feet</b>
		ofs or other surfaces not normally used for walking/working more than ten feet
	□ Sli	ppery floors due to spills of liquids/materials or weather
Elect	trical	
	The di	strict inspects all electrical cords for damage.
	The di	strict ensures that all cords are kept out of the way to avoid trips and falls.
	Extens	ion cords are used only for temporary wiring.
	The di	strict keeps a minimum of <b>36 inches</b> of clear space around electrical panels.
	The di	strict keeps electrical rooms free of storage.
	The di	strict hires qualified electricians to install wiring or make repairs.
Heat	Illnes	ss Prevention
	The di	strict has determined when emergency operations directly involved in the protection of life or
	prope	rty, public safety power shutoffs, or restoration of essential services, such as evacuation,
	rescue	, medical, structural firefighting, law enforcement, utilities, and communications have ceased,
	and th	e full provisions of this rule are in effect.
	The di	strict has implemented a written Heat Illness Prevention (HIP) Program that addresses the
	follow	ing items:
	0	Identifies an Individual or position who is responsible for the program.
	0	How employees will be trained on the hazards of heat exposure and the necessary steps to
		prevent heat-related illnesses.
	0	How to recognize the symptoms of dehydration, and how to respond to suspected heat-related
		illnesses in others.

o How sufficient amounts of cool, potable water in work areas will be provided for staff.

- How employees will be provided frequent opportunities and encouragement to stay hydrated by drinking water.
- How employees will be provided sufficient space to rest in a shaded area or cool climatecontrolled area, and where heat-affected employees may cool off and recover when signs and symptoms of heat-related illnesses are recognized.
- How the employer will implement the heat illness prevention rest break schedule when necessary to keep employees safe.
- How the employer will implement heat acclimatization procedures for new employees or employees returning to work from extended absences of seven or more days.
- ☐ The district establishes and maintains an adequate number of shade areas when the heat index is above 80 degrees Fahrenheit.
  - Shade areas are open on at least 3 sides or have mechanical ventilation
  - o Shade areas are large enough to cover employees seated in a normal posture
  - o Employees must be able to remove PPE in these areas
  - Shade areas are as close as practical to work areas
  - o If natural vegetation is used as shade the shadow must be sufficient to protect employees
  - Vehicles that have working air conditioning are considered shade
- ☐ The district provides ready access to sufficient drinking water at no cost to the employees when the heat index is above 80 degrees Fahrenheit.
  - $\circ$  The water must be cool or cold (Potable water that is suitable to drink and that is cool (66 °F 77 °F) or cold (35 °F 65 °F).
  - Employees must have at least enough water to consume 32 oz. per hour. This may be restocked throughout the day if supplies are needed.
  - o Employees must be allowed time to drink water.
- ☐ The district has adopted the following high heat practices when staff is exposed to a heat index of 90 degrees Fahrenheit or greater.
  - o Effective two-way communication is provided to all staff members.
  - Regular contact with staff working alone, a mandatory buddy system, or other effective means
    of observation and communication to promptly identify staff suspected of experiencing heatrelated illness.
  - Designate and equip an adequate number of staff who are authorized to call for emergency medical services.
  - When staff work in structures without mechanical ventilation the district measures the current indoor heat index by measuring the temperature and humidity inside the structure or assumes the outdoor heat index is the same as indoor.

	0	Develop and implement a written near liness prevention break schedule that meets the									
		requirements of OAR 437-002-0156(5)(e).									
	$\Box$ The district has determined how exposure to excessive heat is addressed in their emergency medical										
	plan. <u>OAR 437-002-0161(4)</u>										
	$\square$ The district has developed and implemented a written plan addressing acclimatization of staff and										
	volunteers.										
	$\Box$ The district provides <b>annual</b> heat illness prevention training to all staff, including volunteers.										
☐ The district keeps the most recent <b>annual</b> training record that includes:											
	0	Name/identifier of staff member trained									
	0	Date of the training									
	0	Name of the person who conducted the training									
	The di	strict's training covers the following topics:									
	0	Environmental and personal risk factors, such as health conditions, clothing worn and/or PPE usage.									
	0	The employer's procedures for complying with the requirements of this standard.									
	0	The importance of frequent consumption of small quantities of water, up to 32 ounces per hour.									
	0	The concept, importance, and methods of the district's acclimatization plan found in section (8).									
	0	The different types of heat illness, the common signs, and symptoms of heat illness, and the appropriate first aid and emergency response to the different types of heat illness.									
	0	The importance for staff to immediately report to the employer, directly or through the									
		employee's supervisor, signs and symptoms of heat illness in themselves or in others.									
XA7:1.4.	fina C	m alva									
WIIG		moke strict has determined when emergency operations directly involved in the protection of life or									
		rty, public safety power shutoffs, or restoration of essential services, such as evacuation,									
		e, medical, wildland firefighting and associated support activities such as fire camp services and									
		anagement, structural firefighting, law enforcement, utilities, and communications have									
		d, and the full provisions of this rule are in effect.									
		strict has developed guidance for all staff related to the procedures for assessment, training, and									
		ctive measures for wildfire smoke.									
	•	strict monitors wildfire smoke (PM2.5) using a publicly accepted method.									
		strict provides annual training to all staff, including volunteers who may be exposed to an AQI of									
_		greater or PM2.5 at or above 35.5 µg/m3. This training includes the following topics:									
	0	Symptoms of wildfire smoke exposure.									
	0	Potential acute and chronic health effects.									

- Each employee's right to report health related issues due to exposure and how to obtain medical treatment.
- o How employees can access average and forecasts for AQI or concentrations of PM2.5.
- Training on the important, limitations, and benefits of using a filtering facepiece respirator (FFR).
- Training on how to use and maintain an FFR.
- How the district is protecting staff from wildfire smoke exposure, including how to obtain an FFR.
- A review of any job tasks that expose the wearer of FFRs to greater hazards than wildfire smoke and why staff should not wear the FFR during those tasks.
- Procedures for supervisors to follow when a report or observation of adverse health effects are seen.
- How to monitor PM2.5 in the workplace and how that will be communicated to staff
   □ The district keeps the most recent annual training record that includes:
  - Name/identifier of staff member trained
  - Date of the training
  - Name of the person who conducted the training
- ☐ The district has implemented a two-way communication method to provide information about the current ambient air concentration of PM2.5 or AQI from wildfire smoke that includes:
  - A means to notify staff of changes in the air quality that would change the needed exposure control measures.
  - A means for staff to notify supervisors of changes in air quality, availability of exposure control
    measures, and symptoms of exposure that may necessitate medical care.
- □ The district has implemented exposure control methods using engineering or administrative controls to reduce the level of individual's wildfire smoke exposure below an AQI of 101 or PM2.5 of 35.5 µg/m3 unless those controls are "functionally impossible or would prevent the completion of work."
  - Oregon OSHA defines appropriate engineering controls as items that may include, but are not limited to, temporarily relocating outdoor workers to available indoor areas or vehicles where the air is adequately filtered or using portable air purifiers equipped with HEPA filters (or similar high-efficiency air filters) that are sufficient in number and performance for the size of the enclosed area where used.
  - Oregon OSHA defines appropriate administrative controls as items that may include, but are not limited to, temporarily relocating outdoor work operations to another outdoor location with better air quality when work permits and changing employee work schedules to when better air quality is forecasted.

O	if elastoment respirators are used to reduce employee exposure to wilding smoke at any
	PM2.5 concentration, employers must comply with all applicable requirements under of the
	Respiratory Protection Standard – 29 CFR 1910.134.
The di	strict provides FFRs for voluntary use when the levels of wildfire smoke PM2.5 is at or above 35.5
μg/m3	B but less than PM2.5 is at or above 200.9 μg/m3 or an AQI of 101 but less than 251.
0	The district maintains an adequate supply of FFRs in an area that is readily accessible to all staff
	or is distributed directly to staff.
0	The FFRs are stored in a manner so that they do not become a health hazard to the users.
The di	strict provides and requires use of FFRs when staff are exposed to levels of wildfire smoke PM2.5
is at o	r above 200.9 μg/m3 but less than 500.4 μg/m3 or an AQI of 251 but less than 501.
0	Use the Wildfire Smoke Respiratory Protection Program as described in Appendix A of this
	standard in lieu of conducting medical evaluations and fit testing, which are otherwise required
	under the Respiratory Protection Standard – 29 CFR 1910.134
The di	strict requires the use of respirators in accordance with the Respiratory Protection Standard $-$ 29
CFR 19	$910.134.\;$ Whenever employee exposure to wildfire smoke PM2.5 is at or above 500.4 $\mu g/m3$ (AQI
501).	

#### **Cancer Risk Factor Reduction**

Introduction: All hostile fires have known and unknown contaminates that can cause serious health problems. To reduce the risk to fire district personnel engaged in fire suppression and overhaul duties, districts should develop processes to reduce their exposures to these health hazards. These processes can be split into two categories: In-station and on-scene procedures. Cancer may never be eliminated from the fire service, but districts can take steps to reduce firefighters' exposures to carcinogens and promote a healthy lifestyle. Effectively managing these risk factors requires an organization-wide effort that includes leadership, management, supervision, accountability, and personal responsibility.

#### **Board and Management Duties**

L	 The d	district	board	has im	plemented	a polic	v outlining t	he areas of	f responsibilities	s such as

- Finance funding sources, expenditures, capital planning
- Health and Safety Officer qualifications, authority for accountability
- Logistics acquisition of PPE and decon equipment and cleaning and maintenance of PPE
- Operations selection and use of PPE and authority for accountability
- ☐ The district actively promotes a tobacco and nicotine free workplace.
- ☐ The district actively promotes firefighter wellness to combat cancer risk factors.
- ☐ The district considers the budget with a specific focus on cancer risk reduction:
  - Provide adequate sets of turnouts to allow for cleaning.
  - Provide more than one hood for individual firefighters.
  - o Provide more than one set of gloves for individual firefighters.
  - o Provide for machine washing of turnouts after events.
  - Assessment of station design: storage of turnouts, vehicle exhaust, overall ventilation, etc.

### **Policy Considerations**

- ☐ The district has implemented policies and procedures requiring:
  - The use of appropriate PPE by all personnel during all stages of fires, including overhaul and investigations.
    - Appropriate PPE is determined by the chemical and physical hazards known or presumed to be present at an event.
    - Consideration should be given to requiring apparatus operators to be on air.
  - o Establishing cold, warm, and hot zones. Limit entry into hot zone to only necessary personnel.
  - Wet method gross decontamination of all PPE prior to leaving the scene and/or entering rehab.
  - o Dirty, but deconned PPE to be bagged and/or placed outside the cab when possible.
  - Methods to remove contaminants from an individual's body, i.e., showering, wipes, sauna, etc.
  - No PPE worn inside the station classrooms, offices, or living areas.
  - No dirty PPE taken home or transported in personal vehicles.

- o Regular washing of PPE consistent with manufacturer's recommendations.
  - Strongly recommended after every fire, including training burns
- o Provide incident rehab appropriate for the level and type of incident.
- Decontamination for all apparatus, equipment, and station.
- ☐ The district reviews these steps regularly to ensure they are kept up to date.

#### **Training**

- ☐ The district provides regular training in the following areas:
  - o Carcinogenic hazards encountered during fire events.
  - o PPE or protocols necessary to reduce carcinogenic effects during fires.
  - o Requirements to use proper PPE at all fire events.
  - o Proper decontamination methods of PPE and individual firefighter, on-scene and in quarters.
  - o Proper routine decontamination for apparatus, equipment, and station.
  - o Benefits of personal wellness: fitness, nutrition, sleep, and regular medical evaluations.

### **Behavioral Health Program**

Introduction: Most of us are aware of the physical demands that firefighters and EMS providers undergo through their career. Fire service leaders and behavior health professionals now recognize they face many of the following behavioral challenges because of their work such as anxiety, depression, burnout, stress disorders, and addiction. Clinical research and the claims experience of SDIS demonstrates that firefighter longevity and overall health are tied directly to strong behavioral health practices on both personal and agency-wide levels. The goal of creating a program is not to diagnose and cure individuals, but simply create an environment where tools and assistance are readily available, promoted, and utilized by everyone including family members. To that end, SDAO and SDIS have partnered with several professional organizations to provide mental health resources. SDAO Risk Management can assist you with accessing these resources. One such resource is: <a href="http://www.everyonegoeshome.com/wp-content/uploads/sites/2/2017/12/behavioral-health-mgmt-guide-122017.pdf">http://www.everyonegoeshome.com/wp-content/uploads/sites/2/2017/12/behavioral-health-mgmt-guide-122017.pdf</a>

#### **Board and Management Duties**

$\ \square$ The district has policies and guidelines in place that define the behavioral health program, such a					
	0	Appropriate confidentiality and necessary disclosure (intention of self-harm, suicide, etc.)			
	0	Confidential tracking of usage			
	0	Minimum and preferred qualifications of peer support personnel			
	0	Wellness of peer supporters			
	0	Expectations for leadership support of the program			
	0	Financial support and funding of resources			
	The di	strict works with culturally competent and trained mental health professionals (i.e., EAP, local			
clinicians and clergy with a practice focused on or specialized training for public safety p					
$\hfill\Box$ The district actively promotes behavioral health resources to members and their family (					
	clinicia	ans, chaplains, etc.).			
	0	SDIS provides low-cost access to <a href="www.PublicSafetyEAP.com">www.PublicSafetyEAP.com</a> for all fire district members.			
	☐ The district has trained members actively involved in peer-support roles.				
	0	SDAO has partnered with <a href="www.nwpeersupport.org">www.nwpeersupport.org</a> to assist in implementing peer-support.			
	The di	strict provides regular training on the following subjects to all members:			
	0	General understanding of behavioral health and the available resources			
	0	How to perform self-care			
	0	How to utilize an after-action report (AAR)			
	0	How to recognize individuals in crisis and connecting them to resources			
	The district provides appropriate and regular behavioral health training to supervisory personnel.				
	The district provides appropriate and regular behavioral health training to peer support personnel.				

### Sample Mental Health Self-assessment for personnel

This self-assessment was adapted from the Firefighter Behavioral Health Alliance self-assessment tool. <a href="https://www.ffbha.org/resources/suicide-questionnaire/">https://www.ffbha.org/resources/suicide-questionnaire/</a> If you answer yes to 3 or more questions, we recommend that you seek care from a local chaplain, peer support team member, the Public Safety EAP, or a mental health clinician who has expertise in providing care to public safety professionals. If you answered yes to the last two bolded questions, please seek support immediately from 911, calling the National Suicide Prevention Lifeline 1-800-273-8255 or calling the Share the Load Program 1-888-731-3473. Once you receive help from one of these make contact with a trusted family member, friend, local chaplain, or counselor.

Have you recently attempted to kill yourself? *
Have you created a plan to kill yourself? *
Do you feel like killing or harming yourself?
Do you have feelings of hopelessness?
Does your family have a history of feeling depressed?
Does your family have a history of suicide?
Have family, friends, or co-workers told you that "you have changed" recently?
behavior toward others within the past two months?
Do you find yourself displaying unexpected angry emotions or been talked to about unprofessional
Have you found an increased or new interest in risky activities outside of work?
scene?
Do you find yourself thinking about or performing unnecessarily risky activities while on an emergency
Do you think "what's the use" when responding to emergency calls?
Have you or someone close to you noticed that your sleeping patterns have changed?
Do you find yourself turning to other addictive behaviors to make yourself feel better?
Do you find yourself turning to alcohol or other mood-altering drugs to make yourself feel better?
Do you isolate yourself from others at work or at home?
Do you feel the world would be better without you in it?
Do you feel like a burden to your family, friends, or your agency?

### Youth Firefighter Program - Cadet Firefighters

**Introduction**: This self-assessment addresses concerns related to the employment of, volunteering by, or use of minor children as firefighters. These individuals are referred to in a variety of ways a cross Oregon but most commonly as cadets or junior firefighters. For the purposes of this document, a minor firefighter is a child who has not reached the age of 18 and performs any tasks commonly associated with the fire service and EMS, including training related to those tasks. SDAO Risk Management can assist you in specific circumstances. Contact your agent for coverage details.

## **Board and Management Duties**

$\square$ The di	strict has implemented a board policy outlining the minor firefighter program.					
☐ The po	☐ The policy addresses the following:					
	Responsible parties					
	Selection process for both adults and minors, including background checks and eligibility					
	requirements.					
	Third party affiliation, if any (such as Boy Scouts of America), their contracts, and their					
	insurance coverage					

	☐ Code of conduct					
	$\square$ Operational guidelines: including maximum total number of minors allowed in the program,					
	ratio of adults to minors (minimum two adults), selection process, physical capability					
	assessment, ride along procedures, appropriate times/situations when minors can be at the					
	station					
	The district has a current policy addressing mandatory reporting laws.					
	The district has a current policy addressing harassment and hostile work environment.					
	The district has a current policy addressing electronic communication/social media.					
	The district has a current policy addressing HIPAA and confidentiality.					
	SOP/SOGs follow all federal/state/local laws and rules (such as OROSHA, BOLI, DPSST, OHA/EMS).					
	The district has discussed adequate insurance coverage levels with their agent.					
Cont	tracting					
	The district has established procedures for entering into agreements with third-party vendors					
	(licensed, insurance current, named additional insured, adequate limits for OTCA, etc.)					
	chief should have oversight of the agreements if they are not the point of contact for approvals.					
	, and a second approximation of the second approximation o					
Prog	gram Management					
	The district has assigned a named individual as the program manager.					
	The district has implemented a selection procedure for all adults who will be supervising minor					
	firefighters (including background checks, reference checks, etc.).					
	The district reviews relevant policies annually with the supervisors (e.g., mandatory reporting, harassment, operational guidelines, etc.).					
	The program manager has spoken in person with parent(s)/guardian(s) about what the minor					
	firefighter will be doing, and the hazards associated with the tasks assigned.					
	The district has a signed consent form with parent(s)/guardian(s) and minor firefighter's signatures.					
	The district has implemented a process to address concerns from parent(s)/guardian(s) and minors,					
	including an investigation protocol.					
	The district has developed a list of approved activities for the minor firefighters based on federal and					
	state law, all other activities are prohibited.					
Eligi	bility					
	GPA, and physical capability.					

	The district has implemented eligibility requirements for adult supervisors, including criminal
	convictions, driver record, training, and attendance.
Opei	rations
	The district has current operational protocols for minor firefighters that conform to the list of approved activities.
	The district's use of minors conforms to current federal/state/local laws and rules.
	The district has established protocols addressing how minor firefighters will arrive at the station or on-scene for duty assignments.
	The district has established procedures to address violations of standards.
	The district has set a minimum number of supervising adults that are to be present before minors are allowed at the station and on-scene.
	The district has set limitations on when minors are at the station to prevent sexual abuse/hostile work environment.
	The district has a current ride-along procedure that addresses concerns about sexual abuse/hostile work environment.
	The district provides appropriate job training prior to assigning tasks on scene.
	The district provides annual training on the following topics:
	☐ HIPAA and confidentiality, including social media
	☐ Bloodborne pathogen exposures
	☐ Harassment/discrimination and mandatory reporting

#### Facilities Use and Outside Trainers

Fire districts have been entrusted with public funds to purchase and use property and equipment for the public good. Over the years there have been instances of training that has gone awry and caused damage to not just district equipment and property, but to the public trust. Third party vendors or trainers can be a useful tool; however, they have their own set of complications. Here are some best practices to keep in mind when allowing outside groups or vendors to use your facility for any reason including training. For other public entities we also recommend your district have a current IGA or contract in place defining the terms of your relationship. SDAO Risk Management or Legal Services can be of assistance with answering questions about these agreements. Contact your agent for insurance coverage questions, such as proper limits.

#### **Contracts and Agreements**

Ш	The district has implemented a policy on use of district property, including vehicles and equipment.
	The district has a current use agreement or contract on file for all planned events.
	The district has had the written agreement reviewed by the district's general counsel.

- ☐ The agreement includes language addressing the following:
  - o Indemnity language that names who is responsible for damage or injuries.
  - Insurance language that names the district as the additional insured with appropriate levels of coverage, contact your agent to determine appropriate amounts.
  - Language related to the prohibition of harassment and discrimination and/or creating a hostile work environment.
  - Documented specifics about the event, including any exclusions that are necessary.
  - Documented fees that are to be charged for the event.
  - Additional language about requirements or expectations, such as access to district facilities,
     equipment usage, signage or promotion of the event, prohibitions, or limitations, etc.
  - Language detailing the termination of the agreement, under what conditions, emergencies, non-compliance, timeframes, etc.

### Live Fire or Hazardous Training

- ☐ If the district is hosting or participating in a live fire or other potentially hazardous training event, there are **additional** considerations the district must include in the agreement:
  - Document responsibility for providing appropriate PPE to the participants.
    - If the PPE is not what the participant is currently using and trained on at their district, who is responsible for providing that training to meet OSHA standards? OAR 437-002-0134 and OAR 437-002-0182
    - Who is responsible for the cleaning and decon of the PPE?
    - If using respirators or SCBA who is responsible for ensuring that all OSHA respiratory standards are met prior to use? (i.e., medical evaluation, fit testing, training, etc.)

- The district has been provided a current training plan that addresses foreseeable risks. For live fire training, does that plan meet the requirements in NFPA 1403? there is language in the SDIS coverage documents requiring adherence to that standard.
- O Document who is responsible for providing workers' compensation coverage for all participants and instructors.
- O Document who is responsible for damage to equipment, property, or the creation of foreseeable hazards (e.g., we burn the neighbor's fence or trees, we back into a building, we drop a powerline due to an overly active fuel load, or we damage a training prop).
- O Document who is responsible for clean-up of the training area to remove debris.

### Event Oversight, Planning, and Supervision

The district provides on-site supervision of any event held on their property or property they are
responsible for. This ensures the agreement is being adhered to and to address concerns or hazards
that arise; consider charging a fee for this.
The district requires an adequate number of pre-planning meetings with district staff.
The district has been provided appropriate event planning documents by the event organizer.
The district requires adequate levels of liability insurance from the event organizer – discuss with the
district's insurance agent for appropriate coverage (event organizer has access to TULIP single event
insurance through the district's agent).
The district has a single point of contact for review <b>and</b> approval of these and all agreements - <b>The</b>
chief should have oversight of the agreements if they are not the point of contact for approvals.

### **Facilities Maintenance Best Practices**

**Introduction**: Some of the largest losses member districts face are related to the care and maintenance of their facilities. This section addresses some of the more common areas where concerns are seen. SDAO recommends that districts have a plan to address construction and maintenance of their facilities. SDAO Risk Management can assist you address specific circumstances. Contact your agent for coverage details.

Build	ling Envelope
	The district inspects all buildings, including vacant and leased, regularly.
	The district has a documented inspection procedure reviewing the exterior of the buildings (items like roofs, walls, vegetation due to pests and arson, gutters and foundations, utility connections).
	The district has a documented inspection procedure reviewing the interior of the buildings (items like boiler rooms, extra humidity, leaking pipes and cracks in walls, electrical circuits).
	The district makes certain that roofs and gutters are kept free from damage and debris as often as necessary (minimum of twice a year).
	The district has a procedure in place to prioritize maintenance needs.

	deterioration.
Cont	racting
	The district has established procedures for hiring vendors (purchasing authority, licensed, insurance
	current, etc.).
	The district monitors contractors to ensure work is completed as required by the contract and local

The district reviews finished work at or before one year, five years and nine years to ensure the work is
completed as required by the contract.

- ☐ All agreements entered by the district follow this basic outline:
  - o Parties of the agreement (define who the agreement is between)
  - Terms of the agreement (what is being provided by both parties)
  - Duration of the agreement (does the agreement end at a certain time?)
  - Termination provisions of the agreement (how do/can the parties end the agreement?)
- ☐ The district has a single point of contact for review **and** approval of these and all agreements **The chief should have oversight of the agreements if they are not the point of contact for approvals.**

#### **Crime Prevention**

The district has established procedures to reduce potential for crime on their property.
The district has adequate lighting installed around all facilities.
The district controls access to the facility by use of fencing and signage that delineates areas open only
to authorized users.
The district has security systems and cameras installed in areas needing monitoring.
The district maintains public areas separate from restricted areas inside the building by using doors,
counters, or gates.
The district keeps objects from blocking sight lines around the buildings, shrubs are trimmed lower
than two feet tall <b>or</b> lower branches are trimmed up at least four feet from the ground.

The district keeps windows and doors locked when buildings are not occupied.
The district keeps equipment out of open sight lines to avoid theft.
The district has a good working relationship with local law enforcement and has regular contact.

### **Vehicle Operations**

**Introduction:** Vehicle crashes are some of the most frequent losses that SDIS incurs. This section is a compilation of best practices for creating and maintaining a solid motor vehicle program. The Risk Management Department can assist you with the development of this.

### **Prequalification Prior to Driving**

- ☐ The district has a current job description for **any** position that drives vehicles for the district.
- ☐ The district policy for driving addresses the following areas:
  - Training
  - Experience time behind the wheel
  - Experience time at the district
  - Driver's license check motor vehicle report (MVR) from DMV
  - Job performance
  - Medical evaluations
  - Required qualifications for driving

#### **Training of Drivers**

The district	routinely	nrovides	different	methods	of training	for	drivers
THE UISHICL	loudifiery	DIOVIGES	uniereni	methous	OI LI AIIIIIIE	101	uliveis

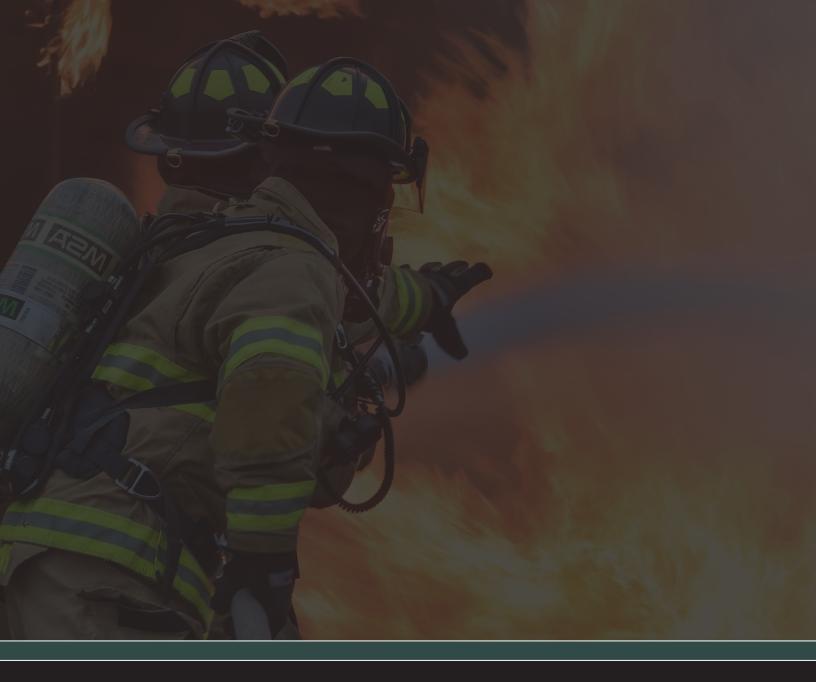

- ☐ The district monitors changes to traffic laws and provides this information to drivers.
- ☐ The district follows recognized training programs such as DPSST, NFPA, IFSTA, etc.
- ☐ The district places reminders of proper driving techniques and "watch-outs" around the station and apparatus for visual cues.

#### **Initial Assessment of Driver Candidates**

- ☐ The district provides a documented test based on the training material that was presented.
- ☐ The district conducts a closed course evaluation to demonstrate proficiency in each vehicle driven.
- ☐ The district conducts multiple over-the-road evaluations by a chief officer or designee for both emergency and non-emergent driving.

### Requalification and Refresher Training

- ☐ The district conducts refresher training when changes, such as below occur **and** annually:
  - New or significant vehicle changes
  - Laws or rules related to driving are changed
  - New technology is added or used that affects driving conditions
  - Significant driver health changes (requalification should also be done)
- ☐ The district conducts performance evaluations annually by an over-the-road evaluation by a chief officer or designee for both emergency and non-emergent driving.
- ☐ The district reviews the driving records annually of each staff member who drives for the district.
